

Brief Report: Covid-19 Support Program

by: Abiola Olukunle

I would sincerely like to say thank you to everyone on behalf of everyone.

With your support and donation we were able to raise N580,000 (Five Hundred and Eighty Thousand Naira) and we were also able to send light and love to 33 CRU staff (that started during our set and some still work there including our Mummies).

We were also privileged to be a brother indeed to 7 of our colleagues in such a time as this.

The funds were sent out with reference **"From Unicorn 01 set - Covid relief fund"** and to our mummies **"From Unicorn 01- We love you"**.

I would make available a proper report on donations that came in (if you wish to be anonymous do chat me up).

It's been an awesome ride doing this with you all. My prayer is that we don't only stand to support ourselves in time of mourning but we actively do so when we have each other.

Thank you and God bless
